Drop In and Play, Anytime

At Cape Cod Pet Resort we provide the best environment for your dog to socialize and feel safe. Our playful environment is a result of dogs getting to know each other during repeated visits. This occurs by reducing the stress of meeting new and unfamiliar dogs every day, no different from the increased comfort level you feel once you become more familiar with new friends.

Daycare Overview

Your dog can be dropped off at the Cape Cod Pet Resort between 7:00 – 9:30 a.m. Monday thru Friday and after 9am on Saturday(July-August). Pick up times are between 3:30 – 5:30 p.m. Monday thru Friday and before 4:00pm on Saturday(July-August). (If you need an earlier drop off or later pick up, please ask about options). Your dog's day will consist of supervised play on agility equipment, jumping in and out of cool pools of water (during warm weather), or just running around with friends and playing with our staff and fun toys.

Our daycare facility offers 1200 square feet of indoor space and 1200 square feet of outdoor space. The indoor area is equipped with ¾" Tenderfoot flooring for cushioning your dog's playing.

Your Dog's First Day

Your dog needs to be dropped off first thing in the morning to reduce the stress of meeting the other dogs. In the afternoon, we ask that new dogs are the first ones to be picked up (to reduce the stress of seeing other dogs leave first).

In order for your dog to come to day care, these steps need to be completed. When your dog is approved for daycare, we can set a start date.
